[equalitystate.org](http://equalitystate.org)  
[info@equalitystate.org](mailto:info@equalitystate.org)

# ABOUT ESPC & LAP

**The Equality State Policy Center (ESPC)** is a non-partisan coalition-based organization advancing ***fair elections and transparent government*** in support of all Wyoming communities. We were founded over 30 years ago by Wyomingites for the people of Wyoming, the Equality State.

In addition to individual supporters, ESPC houses a coalition of organization members who identify themselves under one of three pillars: ***Labor, Conservation, and Social Justice***. These coalition member organizations share a commitment to maintaining accountability in state government and increasing citizen participation in, and influence over, public policy decision-making in Wyoming. The bills selected for this report may or may not have had relevance to any of our individual coalition member organizations. Please visit with each member organization to learn about their specific policy issues and stances.

## FAIR ELECTIONS

## CAMPAIGN FINANCE TRANSPARENCY

For this report, ESPC chose two of the 45 election bills that we followed closely and are signified by our logo. The magnifying glass highlights the top funding sources of your elected legislators.\*

The five other bills included are placed in broad subject areas: Conservation is represented by the leaf, Labor by the hard hat, and Social Justice by the scales.

**CONSERVATION**

**SOCIAL JUSTICE**

**LABOR**

**The People's Review Legislative Accountability Project (LAP) Report** has evolved over the years from an inch-thick printed book of all votes recorded throughout an entire session into today's abridged vote-in-time snapshot along with a page of intel for each legislator. Yet, it is still designed as a tool for constituents to check that their elected legislators represent their interests. A well-functioning representative democracy requires elected officials to genuinely listen to the voices of their constituents and respond with thoughtful, principled action!

*\*For more campaign finance information, read ESPC's reports at [equalitystate.org/research](https://equalitystate.org/research)*

# INTRODUCTION

The **People's Review Legislative Accountability Project (LAP)** Report aims to help Wyoming citizens understand some of the issues tackled and their legislators' decisions during the most recent legislative session. This LAP Report is a snapshot; we reference votes on only seven of the over 500 bills and resolutions filed during the 2025 Wyoming legislative general session.

As you peruse this LAP Report, remember that its purpose is to encourage you, the constituent, to **personally converse with your local Representative and Senator**. Simply knowing how a legislator voted does not always provide the why, which is a valuable part of the story, unveiled through a genuine conversation. An initial bill draft may change through the legislative process, with amendments hopefully improving the bill. Amendments can come up as legislators hear from the public, experts, organizations, and agencies about the consequences or benefits of implementation.

## NAME OF LEGISLATOR

District  
County:  
Years in Chamber:  
2025-6 Committee:

On BillXXX - how they voted, and what the bill did.

On BillXXX - how they voted, and what the bill did.

On BillXXX - how they voted, and what the bill did.

On BillXXX - how they voted, and what the bill did.

### CONTACT:

Use their contact information to reach out!

### SPONSORED BILLS:

*The bills legislators sponsor tell a story about what they are most passionate about!*

### TOP CONTRIBUTOR(S):

• Individual/Non-Individual: Who's contributing? | \$Amount

### HOW MANY YEARS IN OFFICE

You will find one page for each legislator packed with information from votes they made and bills they sponsored to their contact information and the number of years they have served in the Wyoming Legislature.

Green bill number indicates we liked the bill.  
Red bill number indicates we did not like the bill.

When legislators sponsor a bill, they publicly attach their name to the issue: demonstrating both ownership and a clear commitment to advancing the policy.

We highlight top individual and non-individual contributors to each legislator's last campaign, prioritizing PACs over political parties when both gave, regardless of amount, to reflect potential influence.

# HOW TO USE

Now that the legislative session is over, legislators are back home and more accessible. Call them, email them, and meet with them. Another great way to connect with legislators is by **attending interim committee meetings** held across the state. These meetings offer a chance to observe the process and share your expertise through public testimony. As members of a citizen legislature, Wyoming lawmakers don't have individual staff; they rely on conversations with constituents, shared research, and public input to shape their decisions.

When having a conversation with legislators, remember the Wyoming Cowboy Code, especially: "Be tough, but fair" and "Talk less and say more." Approach conversations with respect and integrity, no matter how strongly you disagree or agree.

Our **legislators are elected to serve all their constituents**, not just those who agree with them. Each Representative and Senator brings a unique background and skillset which is enhanced by conversations, data, questions, and debate. Wyoming's legislative system requires public participation for good lawmaking.

Use this snapshot of options to help you, the constituent, start a meaningful conversation with your elected legislators.

## Questions to Ask your Legislators:

- Could you explain your vote on [mention specific bill]?
- What factors lead to this decision?
- How do you stay informed about the issues that are important to our community?
- What is the most effective way for me to share my perspectives on upcoming legislation with you during the session?

**WY House** & Senate **District Map**: go to [wyoleg.gov](http://wyoleg.gov) "Find My Legislator"

## CHALLENGE TIME!

Sit down with a cup of coffee during the interim (between Legislative Sessions) with each of your legislators!

# BILL EXPLANATIONS

## HB0249 - OPPOSE - DIED IN SENATE

This bill would have moved the primary to May, adding that if no candidate got over 50% of the vote a second primary election would have occurred in August - costing taxpayers at least \$2 million. Had it passed, it would have significantly changed the current primary process and could have hurt voter turnout while raising campaign costs.

## SF0098 - OPPOSE - DIED IN HOUSE

This bill would have mandated that school board trustee candidates' political party affiliations be printed on general election ballots. Had it passed, it would have shifted the current nonpartisan election process to a partisan one.

## SJ0002 - OPPOSE - DIED IN SENATE

This resolution would have demanded the transfer of federal public lands and subsurface rights to the State of Wyoming - except for Yellowstone National Park. As a resolution it would not have become law. However, had it passed, it would have urged the US Congress to take dangerous actions and threatened the integrity of public lands kept in public hands and managed by federal capabilities.

## SF175 - OPPOSE - DIED IN HOUSE

This bill would have reduced the maximum unemployment insurance coverage by six weeks, effectively shortening the period during which unemployed workers can receive state unemployment assistance. Had it passed, it would have reduced a safeguard for people who live and seek to work in Wyoming.

## HB0341 - SUPPORT - DIED IN HOUSE

This bill would have allowed Wyoming to join a federal program providing income-qualified children with \$120 in summer food assistance. Had it passed, the program, known as SUN Bucks, would have helped families buy groceries when school lunches aren't available

## HB118 - OPPOSE - DIED IN SENATE WITHOUT A VOTE

This bill would have prevented land exchanges, conveyances, and sales between willing entities and the federal government based on a prohibition of net gain to public land. Had it passed, it would have infringed on private property rights, plus hindered opportunities for Wyoming to implement wildlife crossing infrastructure and other public projects.

## SF0124 - OPPOSE - DIED IN SENATE

This bill would have created new criminal offenses for transporting or concealing unauthorized immigrants and mandate immigration status checks. Had it passed, it could have led to racial profiling, undermining community trust, and overburdening local law enforcement.

# REPRESENTATIVE BILL ALLEMAND

**On SF98** - voted to make school board races partisan, shifting the focus from individual candidate qualifications to party platforms by requiring political party labels on the general election ballot.

**On HB249** - voted to spend \$2 million on a primary system that continues to exclude some Wyomingites from participating in the publicly funded primary election—one that determined 81% of legislators in 2024.

**On HB118** - voted to restrict land exchanges, conveyances, and sales between willing private or state entities and the federal government, infringing on private property rights and future public projects.

**On HB341** - voted against providing summer meals for income-qualified school children, denying vulnerable kids access to the food they need.

**On SF175** - voted to reduce maximum unemployment insurance coverage by six weeks, leaving our labor workers without adequate coverage in between jobs.

## House District 58

## 3RD YEAR IN OFFICE

# REPRESENTATIVE MARILYN CONNOLLY

## House District 40

**County:** Johnson, Sheridan -  
Northeast WY

**Years in House:** 2025-Present

**2025-6 Committee:** Travel (H)

**On SF98** - voted against requiring political party labels for school board candidates on the general election ballot, ensuring these races remain nonpartisan so voters focus on candidates' qualifications and dedication to public education.

**On HB249** - voted to spend \$2 million on a primary system that continues to exclude some Wyomingites from participating in the publicly funded primary election—one that determined 81% of legislators in 2024.

**On HB118** - voted against restricting land exchanges, conveyances, and sales between willing private or state entities and the federal government, infringing on private property rights and future public projects.

**On HB341** - voted against providing summer meals for income-qualified school children, denying vulnerable kids access to the food they need.

**On SF175** - voted against reducing maximum unemployment insurance coverage by six weeks, leaving our labor workers without adequate coverage in between jobs.

## CONTACT:

## 3RD YEAR IN OFFICE

# REPRESENTATIVE MARTHA LAWLEY

**On SF98** - voted against requiring political party labels for school board candidates on the general election ballot, ensuring these races remain nonpartisan so voters focus on candidates' qualifications and dedication to public education.

**On HB249** - voted against spending \$2 million on a primary system that continues to exclude some Wyomingites from participating in the publicly funded primary election—one that determined 81% of legislators in 2024.

**On HB118** - voted against restricting land exchanges, conveyances, and sales between willing private or state entities and the federal government, infringing on private property rights and future public projects.

**On HB341** - voted to provide summer meals for income-qualified school children, ensuring vulnerable kids have access to the food they need.

**On SF175** - voted against reducing maximum unemployment insurance coverage by six weeks, leaving our labor workers without adequate coverage in between jobs.

## House District 27

**County:** Big Horn, Washakie - Northeast WY

**Years in House:** 2023-Present

**2025-6 Committee:** Revenue (H),  
Travel (H), Select Committee on  
Capital Financing & Investments

**On SF98** - voted against requiring political party labels for school board candidates on the general election ballot, ensuring these races remain nonpartisan so voters focus on candidates' qualifications and dedication to public education.

**On HB249** - voted against spending \$2 million on a primary system that continues to exclude some Wyomingites from participating in the publicly funded primary election—one that determined 81% of legislators in 2024.

**On HB118** - voted against restricting land exchanges, conveyances, and sales between willing private or state entities and the federal government, infringing on private property rights and future public projects.

**On HB341** - voted to provide summer meals for income-qualified school children, ensuring vulnerable kids have access to the food they need.

**On SF175** - voted against reducing maximum unemployment insurance coverage by six weeks, leaving our labor workers without adequate coverage in between jobs.

## 11TH YEAR IN OFFICE

\*Served in the House from 2015-2022

# SENATOR TROY MCKEOWN

## Senate District 24

**County:** Campbell - Northwest WY

**Years in Senate:** 2021-Present

**2025-6 Committee:** Management Audit Committee, Agriculture (S), Revenue-Chair (S), Select Committee on School Facilities, Select Committee on School Finance

**On SF98 - voted** to make school board races partisan, shifting the focus from individual candidate qualifications to party platforms by requiring political party labels on the general election ballot.

**On reviving HB249 - voted against** reviving the bill that would spend \$2 million on a primary system that continues to exclude some Wyomingites from participating in the publicly funded primary election—one that determined 81% of legislators in 2024.

**On the reconsideration of SJ02 - voted to** demand the transfer of public lands away from our hands and threaten the system of managing those lands.

**On SF124 - voted to** create new criminal offenses for transporting or concealing unauthorized immigrants, which could have contributed to racial profiling, eroding community trust, and placing additional strain on local law enforcement.

**On SF175 - voted to** reduce maximum unemployment insurance coverage by six weeks, leaving our labor workers without adequate coverage in between jobs.

# THE ESPC COALITION

**The Equality State Policy Center** is a non-partisan coalition-based organization. We advance fair elections and transparent government in support of all Wyoming communities. Representative democracy works better for all hard-working Wyomingites when it is inclusive and accessible to all citizens.

The Equality State Policy Center (ESPC) convenes a coalition of conservation, labor, and social justice organizations. Over the years members have shifted, but the common thread remains in support of ESPC's mission. We all share a commitment to maintain accountability in state government and to increase citizen participation in, and influence over, public policy decision-making in Wyoming. Success with this allows coalition member organizations to focus on and bolster their individual mission-driven work.

Our coalition is dynamic; the list below includes our current members as of April 1, 2025. Their inclusion in the ESPC Coalition does not constitute a position on any legislative bills mentioned in this report.

**Brotherhood of Locomotive Engineers and Trainmen**  
**Federated Fire Fighters of Wyoming**  
**Greater Yellowstone Coalition**  
**Matthew Shepard Foundation**  
**Operating Engineers Local #800**  
**Powder River Basin Resource Council**  
**Sierra Club - Wyoming Chapter**  
**The Wilderness Society**  
**United Steel Workers Union Local 13214**  
**Wyoming Arts Alliance**  
**Wyoming Building and Construction Trades Council**  
**Wyoming Coalition Against Domestic Violence and Sexual Assault**  
**Wyoming Education Association**  
**Wyoming Equality**  
**Wyoming Interfaith Network**  
**Wyoming Outdoor Council**  
**Wyoming Public Employee Association**  
**Wyoming State AFL-CIO**  
**Wyoming Trial Lawyers Association**  
**Wyoming Wilderness Association**

*Interested in joining our coalition? Email [info@equalitystate.org](mailto:info@equalitystate.org)*

*ESPC's coalition membership is united by a shared appreciation for ESPC's mission, not legislative positions. The bill stances in this report do not mean ESPC or its coalition members lobbied or uniformly agreed on these bills. Please visit each organization's website to learn about their specific scope of work.*

*Thank you for reading!*

## *From the Equality State Policy Center*

The Equality State Policy Center is a non-partisan coalition-based organization that works to advance fair elections and transparent government in support of all Wyoming communities.
