2022 PROPOSED CONSTITUTIONAL AMENDMENTS

A. The Wyoming Constitution allows the state to invest state funds in equities such as the stock of corporations, but does not allow the funds of counties, cities and other political subdivisions to be invested in equities. The adoption of this amendment would allow the funds of counties, cities and other political subdivisions to be invested in equities to the extent and in the manner the legislature may allow by law. Any law authorizing the investment of specified political subdivision funds in equities would require a two-thirds vote of both houses of the legislature.

 AGAINST

B. Currently, the Wyoming Constitution requires Wyoming Supreme Court justices and district court judges to retire upon reaching the age of seventy (70). This amendment increases the mandatory retirement age of Supreme Court justices and district court judges from age seventy (70) to age seventy-five (75).

A MESSAGE FROM THE ELECTION DIVISION

Fellow Voters,

Voting is one of the most sacred, important, and exciting rights we have as citizens of the United States of America. We've created this guide to help answer your questions, but always feel free to reach out to us for additional information.

A government *for* the people and *by* the people is only possible if you cast a vote. As a free, democracy-loving state, let's get out to vote and exercise that incredible right which continues to define us as citizens. By casting a vote, you will determine the future of both the Great State of Wyoming and of our Nation.

With best regards,

Wyoming Secretary of State's Office
Election Division

DID YOU KNOW?

Wyoming law requires that employees be given one hour off to vote on Election Day. However, there are some exceptions. The law does not apply to employees with three or more consecutive non-working hours during the time polls are open, and some federal agencies are exempt. (W.S. 22-2-111)
